## GREAT STRUGGLE AROUND VILLAGE

British and Germans Battling  
for Possession.

## CONSTANT ARTILLERY FIRE

Russians Continue to Make Progress  
Against the Teutonic Allies in the  
Volhynia District and Have Defeated  
the Turks in Armenia.

London, July 26.—Fierce fighting is  
still going on between the British and  
the Germans in the Somme region in  
France, the men in their endeavors  
to press forward or to hold back at-  
tacks frequently engaging in hand to  
hand combats.

The British are tenaciously holding  
to the portions of the village of Po-  
ziers, from which they drove the Ger-  
mans, and with their artillery fire  
have repulsed there an attempt by the  
German infantry to regain possession  
of the northeastern portion of the vil-  
lage.

Calm has prevailed on the French  
section of the front in the Somme re-  
gion. In fact, except for a violent  
bombardment of La Lauffe, to the  
northeast of Verdun, the French war  
office says there has been no impor-  
tant action on the entire French front.

The Russians continue to make  
progress against the Teutonic allies in  
the Volhynia district, sending their  
troops across the Slonevke river, not-  
withstanding the fire of the Teutons.

One thousand prisoners and four  
cannon and five machine guns, which  
later were used against the Austrians  
and Germans, were taken in this re-  
gion by the Russians.

Russians Take Trenches.  
Berlin admits the penetration by the  
Russians of part of General von Lin-  
singen's first line trenches in Volhynia.

In the Carpathian district the Aus-  
trians at several points attacked the  
Russian cavalry operating against  
them, but Petrograd says they were  
everywhere repulsed.

The drive against the Turks in Ar-  
menia is still going on and with the  
Russians at their heels the Turks are  
fleeing, abandoning guns and muni-  
tions along the roads.

The Russians have thrown their ad-  
vanced guards to within ten miles of  
Erzingan, in Central Armenia, and the  
Turks there are declared unofficially  
to be preparing to withdraw from this  
fortified town to a new base at Sivas,  
130 miles to the west.

In the Austro-Italian zone the Ital-  
ians report the capture by their troops  
of Monte Cimone, in the Posina-Actico  
sector; a further advance in the Monte  
Chiesa region and the repulse of coun-  
ter attacks on trenches they had cap-  
tured near Sasera and Zebio, on the  
Asiago plateau.

## PARLIAMENT AVOIDS BREAK ON IRELAND

London, July 26.—Parliament man-  
aged to steer clear of the prickly  
Irish problem, except for a statement  
by Premier Asquith that the parts of  
the home rule agreement approved by  
John Redmond, the Nationalist leader,  
and Sir Edward Carson, the Unionist  
leader in Ulster, would be published  
as soon as possible and that if there  
was a general desire on the part of  
the house the premier would offer  
facilities for another discussion of the  
home rule question.

The feeling is more favorable to an  
agreement ultimately being reached.  
It is believed that with Mr. Redmond  
and Sir Edward Carson in harmony  
means will be found to override ob-  
jections from other quarters.

No formal cabinet meeting was held  
but Premier Asquith conferred pri-  
vately with David Lloyd-George, sec-  
retary of war; Arthur J. Balfour, first  
lord of the admiralty, and Andrew  
Bonar Law, secretary for the colonies.  
After this conference Mr. Asquith  
went to the palace for a conference  
with the king, which is supposed to  
have been connected with the Irish  
difficulty.

## HERD OF PURE BRED BULLS

Percy Rockefeller Sends Them to  
Montana Farmers.

Missoula, Mont., July 26.—A herd of  
pure bred bulls from the New York  
farms of Percy Rockefeller, the St.  
Paul Railway company magnate, has  
been received here for sale to Mont-  
ana ranchers.

Mr. Rockefeller on a recent visit  
promised local ranchers an oppor-  
tunity to breed stock from his thor-  
oughbreds. The animals are to be  
sold at moderate prices, but only to  
responsible parties.

## SERGIUS SAZONOFF.

Russian Foreign Minister  
Retires From the Cabinet.

The resignation of Sergius Sazonoff  
after seven years in the Russian min-  
istry of foreign affairs has occasioned  
general regret.

During his incumbency M. Sazonoff  
is credited with developing and ce-  
menting the friendship between Rus-  
sia and Great Britain and fostering  
friendly relations with Japan.

## EXPLAINS BLACKLIST IS FOR PROTECTION

Washington, July 26.—Acting sec-  
retary Polk was assured by Sir Cecil  
Spring-Rice, the British ambassador,  
that the British blacklist was designed  
solely to prevent British capital  
and credit being used to support an  
enemy.

This, it was said, will be set forth  
at length in the forthcoming foreign  
office statement, which probably will  
take the form of an announcement in  
parliament.

Pending its issuance the state de-  
partment will delay an announcement  
it is preparing for the information of  
the American business public.

For the present, while trying to out-  
line the general principles upon which  
negotiations on the subject should be  
conducted, the state department is  
giving chief attention to the relief  
of individual firms which may suffer,  
without intent on their part of vio-  
lating any legal right of the British  
government.

The ambassador's assurances that  
contracts will not be impaired is taken  
by officials to mean that consignees  
will be instructed to carry out trans-  
actions already begun.

## STANDS BY LARGE FIGURES

Senate Refuses to Cut Items in Army  
Measure.

Washington, July 26.—All efforts to  
reduce items of the army appropri-  
ation bill below the figures recom-  
mended by the military committee failed  
in the senate and indications were that  
the total appropriation for this branch  
of national defense would approximate  
\$290,000,000 when the measure is com-  
pleted.

Most of the appropriations as re-  
vised by the senate committee had  
been acted upon when adjournment  
was taken. As the bill stands it re-  
presents an increase of \$110,000,000  
over the house authorization.

By a vote of 13 to 36 the senate re-  
tained a house provision prohibiting  
installation of so called stopwatch  
systems in management of govern-  
ment works.

## SPEYER TO RETAIN POSITION

London Banker of German Birth and  
Parentage Upheld by Courts.

London, July 26.—The court of ap-  
peals has decided that there is no  
question of the right of Sir Edgar  
Speyer to remain on the roll of privy  
council. This ruling upholds the de-  
cision of the lower court in favor of  
Sir Edgar.

Sir Edgar Speyer, partner in the  
Speyer banking firm of London, New  
York and Frankfurt-on-Main, is a  
British citizen of German birth and  
parentage.

At the outbreak of the war he was  
the subject of violent attacks in En-  
gland on account of his German origin.

Auto Hits Lumber Truck.

Rockford, Ill., July 26.—Charles  
Clander was killed and his wife, two  
daughters and a niece were severely  
injured when an automobile in which  
they were driving from their home  
here to Lake Delavan overturned after  
striking a lumber truck. The acci-  
dent happened near this city.

## BRITISH NOW CONTROL POZIERES RUSSIANS CAPTURE ERZINGNAN

S. S. McClure is Ordered to Leave  
England Along With Others  
Considered Undesirable

Third Minnesota Infantry Members  
Suffering Ptomaine Poisoning  
All Now on the Mend

AFTER THREE DAYS FIGHT  
BRITISH-AUSTRALIA TROOPS  
TAKE VILLAGE OF POZIERES

(By United Press)

London, July 26.—After three  
days of desperate hand to hand  
fighting the British-Australian  
troops have taken all of the vil-  
lage of Poziers. Gen. Haig being  
quoted says "The whole of Poziers  
is now in our hands, and west-  
ward our territorial have further  
advanced capturing two strong  
trenches, with a number of offi-  
cers and other prisoners, elsewhere  
there is no change."

War has seen no more desperate  
fighting than has been going at  
at Poziers, the town being the most  
important point on the main high-  
way toward Baupenne which was  
the objective of the first great  
thrust. Last week the colonials  
gained a foothold in the village it-  
self and a series of German coun-  
ter attacks failed to dislodge them,  
and the capture of the whole town  
endangers the German forces in the  
salient from Thiepval to Poziers.  
Further advance is reported  
which indicates a circling  
movement menacing the whole  
enemy line.

## CLEAR ARMINIA OF TURKS

(By United Press)

Petrograd, July 26.—It is official-  
ly announced that Erzincan has  
been captured by the armies of  
Grand Duke Nicholas. This clears  
Armenia of Turks and means that  
the Russians have advanced one-  
third of the way to Angora, head  
of the railway to Constantinople  
and the immediate objective of the  
Russian army now. The Erzincan  
victory is a great feat, the Rus-  
sians marching through their foes  
almost as speedily as if on a peace  
parade. Up to this point they have  
had no railroads to use in their  
progress.

## SUBMARINE JULY 20 SCORED TWO HITS

(By United Press)

Berlin, July 26.—The admiralty  
in a statement made says a sub-  
marine July 20 scored two hits with  
torpedoes against a British dread-  
naught off the Orkneys.

## POLISH RELIEF APPEAL

(By United Press)

Berlin, July 26.—Ambassador  
Gerard has delivered to the foreign  
office President Wilson's Polish re-  
lief appeal and the message was im-  
mediately telegraphed to the Em-  
peror on the Eastern front.

## TURKS EVACUATE ERZINGAN

(By United Press)

London, July 26.—Wireless press  
reports from Rome say that the  
Turks evacuated Erzincan in the  
face of the drives of the Grand  
Duke Nicholas.

## GERMANS ADMIT IT

Berlin, July 26.—German officials  
admit that after stubborn fighting  
the British have established them-  
selves in Poziers.

Minnesota Infantry  
Ill Ptomaine Poison  
All out of Danger

(By United Press)

Mercedes, Texas, July 26.—All  
members of the Third Minnesota In-  
fantry confined in the field hospital  
as a result of ptomaine poisoning,  
are reported today by Major C. E.  
Prudden, chief regimental surgeon,  
as improved in condition and believ-  
ed to be out of danger. Tainted to-  
matoes and flies was the cause.

Status of Guard  
on the Border

(By United Press)

Washington, July 26.—President  
Wilson, in a letter to Mrs. Henry  
Smith, of Winemac, Ind., who pro-  
tested against the hardships her son,  
a militiaman on the border, endured,  
replied that the service of the na-  
tional guard was a matter of neces-  
sity to protect the country and it was  
not merely for the purposes of drill.

Fail to Comply  
With Regulations

(By United Press)

St. Paul, July 26.—Assistant For-  
ester Tierney reports that big lum-  
ber companies of Koochiching coun-  
ty have failed to comply with the  
brush disposal regulations. The  
state is investigating the rumors that  
the forest fires were caused by the  
lumber companies who want to get  
state timber cheap.

## More Orientals Fighting for the Allies

The latest contingent of orientals to arrive in France to fight for the  
allies are natives of Anam. Some thousands of them have been landed  
in France and are now on the western front.

Governor to Call  
Special Session  
During September

(By United Press)

St. Paul, July 26.—Gov. Burnquist  
is home today from Fairmont where  
he spent ten days. He said he was  
contemplating calling a special ses-  
sion of the legislature probably in  
September to consider means of get-  
ting the votes of the guardsmen on  
the border, also to pay their families.  
He may advocate to follow the same  
procedure as during the Civil war  
when the soldiers' votes were col-  
lected by a commission and sent back  
to their home towns. The governor  
declined to comment on the rumor,  
but it appears to be fairly well sub-  
stantiated.

McClure Ordered  
out of England

(By United Press)

London, July 26.—The British au-  
thorities today informed Ambassador  
Page that S. S. McClure, the noted  
American publisher, must sail from  
England on Saturday, the deportation  
order being issued because of what  
the British termed his activities  
while in Germany. McClure arrived  
in London yesterday on the Philadel-  
phia and was permitted to land and  
then became ill. Today Ambassador  
Page told Mr. McClure that he must  
sail on the Philadelphia on Saturday  
on the return trip. On the same  
boat will probably be Mrs. Thomas  
Kelley, Joseph Smith and three Irish  
Americans who were refused admit-  
tance because they were there for  
Irish relief work.

Washington, July 26.—The United  
States will ask England on what  
grounds they refused to admit the  
Kelley's.

Federal Road Aid  
Minnesota Announced

(By United Press)

Washington, July 26.—The appor-  
tionment of \$5,000,000 good roads  
funds available between now and  
July 30, 1917, gives Minnesota \$142,-  
394 for federal aid to roads. Based  
on the area Texas gets the largest  
amount of any state.

Numerical Titles  
Not to be Changed

(By United Press)

St. Paul, July 26.—Despite the pro-  
tests by the civil war veterans the  
numerical titles of the Minnesota Na-  
tional Guard regiments will not be  
changed. War veterans claim to be  
entitled to first, second, third, etc.,  
because they fought in the civil war.  
Adj. Gen. Wood informed the gov-  
ernor's secretary that the names of  
the militia cannot be changed. Gen.  
Wood was notified today of the mus-  
tering in of Col. Raeche, as Brigadier  
General of Minnesota National  
Guards at Llano Grande, Texas, and  
also the following changes in the  
Third Infantry there: Major H. V.  
Eva to be a colonel succeeding  
Raeche, Major A. E. Pratt to be  
Lieutenant colonel and Capt. C. C.  
Weaver to be a major.

New Epidemic of  
Malady Noted

(By United Press)

St. Paul, July 26.—A new epidemic  
of infantile paralysis has appeared in  
Stearns county, with 12 positive cases,  
three suspects and three dead.

Man with Past  
will go Back

(By United Press)

Columbus, N. M., July 26.—Guy  
Hartmann, whose bravery as Gen.  
Pershing's scout won official com-  
mendation, admits he is the man long  
sought in the great revenue frauds  
committed at Fort Smith, Ark.  
Hartmann says he is ready to go  
back.

British Black  
List Explanation

(By United Press)

Washington, July 26.—The British  
embassy has officially announced that  
an explanation of the British black  
list will be made the United States  
in a few days.

May Cast Vote  
at the Border

(By United Press)

Washington, July 26.—The senate  
has created means by which the mil-  
litanen may cast their votes in the  
border camps, indicating it is ex-  
pected to keep them there until Sep-  
tember.

## Inheritance Taxes

(By United Press)

St. Paul, July 26.—Inheritance tax-  
es collected in Minnesota during the  
year ending July 31 approximate  
\$700,000.

## UNDER PENALTY OF \$100 FINE

Performers Must Stand While Ren-  
dering "Star Spangled Banner."

Baltimore, July 25.—Policemen are  
distributing copies of a municipal or-  
dinance providing that "musicians,  
performers or other persons shall  
stand while playing, singing or ren-  
dering the 'Star Spangled Banner.'"  
Any person violating the provisions  
of the ordinance shall be guilty of a  
misdemeanor and on conviction shall  
be fined not more than \$100.

BRITISH SHIPS FIGHT  
GERMAN DESTROYERS

London, July 25.—Six German de-  
stroyers, attempting either a raid or  
a reconnaissance on the British coast,  
were put to flight by a British sea  
force in a running fight off Shouwen  
bank.

The German ships were repeatedly  
hit.

One British vessel was struck once,  
but the total British casualties were  
two wounded. The German destroy-  
ers succeeded in reaching a base on  
the Belgian coast.

The North Hinder lightship is off  
the Belgian coast, between Ostend and  
the mouth of the Scheldt river. Shou-  
wen bank is in the same neighbor-  
hood. The German vessels presum-  
ably came from Zeebrugge, where  
there is a German destroyer base.

## SENATE YIELDS TO PRESIDENT

Democrats Agree to Pass Child  
Labor Measure.

## SOME OPPOSITION DEVELOPS

Bill Will Displace Shipping Measure  
on Calendar and Will Come Up  
After Action on Army and District  
of Columbia Supply Measures.

Washington, July 26.—Yielding to an  
urgent request from President Wilson,  
Democrats of the senate, in caucus,  
determined to pass the child labor bill  
at this session of congress.

The decision was reached after a  
long debate, during which several  
Southern senators, whose opposition  
forced the measure out of the impera-  
tive legislative program drawn up sev-  
eral days ago, vigorously objected to  
its reinstatement.

The final determination to include it  
was reached without a record vote. It  
will displace the shipping bill on the  
senate calendar, coming up as soon as  
the army and District of Columbia ap-  
propriations have been passed. The  
shipping measure will follow it in or-  
der and the revenue bill will come  
next.

Majority Leader Kern outlined to  
the caucus the president's earnest re-  
quest for a vote on the child labor  
bill before adjournment and read a  
flood of telegrams from influential citi-  
zens throughout the country, urging  
its passage.

Southern senators replied, insisting  
that the caucus should stand on its  
former decision postponing considera-  
tion of the measure until December.

## Southern Senators Protest.

They made an appeal to the caucus  
for a declaration of principles that  
the child labor bill should be taken  
out of politics and revealed the fact  
that negotiations had been made with  
some of the Republican senators after  
the recent Democratic caucus with a  
view to reaching an agreement for  
taking up the bill next session as a  
strictly nonpartisan measure.

These plans, it was asserted in the  
caucus, were progressing favorably un-  
til President Wilson went to the Cap-  
itol a week ago and made known to  
administration leaders his emphatic  
desire for immediate action on child  
labor legislation.

Republican senators, who had agreed  
to let the bill go over, then notified  
the Democrats, it was said, that they  
could not participate in any agree-  
ment for delay.

One Southern senator told his col-  
leagues in the caucus that federal  
child labor legislation was inevitable,  
that no vote of theirs could stop it  
eventually and that the party should  
take advantage of its possible political  
effect rather than to counsel delay and  
then be forced to vote on the issues  
by Republican senators who already  
had given notice of intention to de-  
mand a vote at once.

## GIVES PROPERTY AWAY TO PREVENT QUARREL.

St. Louis, July 26.—Mrs.

Hannah Duryee, a widow, eighty  
years old, has deeded to St.  
Louis university a downtown  
tract of real estate in St. Louis,  
valued at \$50,000 to \$70,000,  
and said that she intended giv-  
ing away all her estate before  
her death to prevent her heirs  
from quarreling over it. Mrs.  
Duryee lives in two rooms of a  
five-room house on the remain-  
ing five acres of her country  
estate. The other three rooms  
are rented.

## ACCIDENT DUE TO RUNAWAY

Eight Members of Montana Press As-  
sociation Injured.

Livingston, Mont., July 26.—Eight  
members of the Montana State Press  
association are in the hospital at Fort  
Yellowstone, Yellowstone National  
Park, as the result of a runaway of a  
four-horse coach.

J. F. Hamilton of the American  
Printing company, Miles City, Mont.,  
and receiver of the United States land  
office there, is in a critical condition,  
with a broken leg, dislocated shoulder  
and scalp wounds. His wife's left leg  
is broken.

The other injured are Arthur Lindh  
and George Brown of the Glendive  
Monitor; George A. Disc of the Red  
Lodge Picket, Mrs. O. Disch, C. S.  
Nelson of the Plentywood Herald;  
Mrs. Nelson, Mrs. James Ramsey,  
Miles City, and Driver Thompson.

The horses were frightened by an  
automobile and a fall over a high  
cliff was barely averted.

Most of the appropriations as revised by the senate committee had been acted upon when adjournment was taken. As the bill stands it represents an increase of \$110,000,000 over the house authorization.

By a vote of 13 to 36 the senate retained a house provision prohibiting installation of so called stopwatch systems in management of government works.

## SPEYER TO RETAIN POSITION

London Banker of German Birth and Parentage Upheld by Courts.

London, July 26.—The court of appeals has decided that there is no question of the right of Sir Edgar Speyer to remain on the roll of privy council. This ruling upholds the decision of the lower court in favor of Sir Edgar.

Sir Edgar Speyer, partner in the Speyer banking firm of London, New York and Frankfurt-on-Main, is a British citizen of German birth and parentage.

At the outbreak of the war he was the subject of violent attacks in England on account of his German origin.

**Auto Hits Lumber Truck.**

Rockford, Ill., July 26.—Charles Clander was killed and his wife, two daughters and a niece were severely injured when an automobile in which they were driving from their home here to Lake Delavan overturned after striking a lumber truck. The accident happened near this city.

## BRITISH NOW CONTROL POZIERES RUSSIANS CAPTURE ERZINGNAN

## S. S. McClure is Ordered to Leave England Along With Others Considered Undesirable

## Third Minnesota Infantry Members Suffering Ptomaine Poisoning All Now on the Mend

### AFTER THREE DAYS FIGHT BRITISH-AUSTRALIA TROOPS TAKE VILLAGE OF POZIERES

(By United Press)

London, July 26.—After three days of desperate hand to hand fighting the British-Australian troops have taken all of the village of Poziers. Gen. Haig being quoted says "The whole of Poziers is now in our hands, and westward our territorials have further advanced capturing two strong trenches, with a number of officers and other prisoners, elsewhere there is no change."

War has seen no more desperate fighting than has been going at at Poziers, the town being the most important point on the main highway toward Baupenne which was the objective of the first great thrust. Last week the colonials gained a foothold in the village itself and a series of German counter attacks failed to dislodge them, and the capture of the whole town endangers the German forces in the salient from Thiepval to Poziers. Further advance is reported which indicates a circling movement menacing the whole enemy line.

### CLEAR ARMINIA OF TURKS

(By United Press)

Petrograd, July 26.—It is officially announced that Erzincan has been captured by the armies of Grand Duke Nicholas. This clears Armenia of Turks and means that the Russians have advanced one-third of the way to Angora, head of the railway to Constantinople and the immediate objective of the Russian army now. The Erzincan victory is a great feat, the Russians marching through their foes almost as speedily as if on a peace parade. Up to this point they have had no railroads to use in their progress.

### SUBMARINE JULY 20 SCORED TWO HITS

(By United Press)

Berlin, July 26.—The admiralty in a statement made says a submarine July 20 scored two hits with torpedoes against a British dreadnaught off the Orkneys.

### POLISH RELIEF APPEAL

(By United Press)

Berlin, July 26.—Ambassador Gerard has delivered to the foreign office President Wilson's Polish relief appeal and the message was immediately telegraphed to the Emperor on the Eastern front.

### TURKS EVACUATE ERZINGAN

(By United Press)

London, July 26.—Wireless press reports from Rome say that the Turks evacuated Erzincan in the face of the drives of the Grand Duke Nicholas.

### GERMANS ADMIT IT

Berlin, July 26.—German officials admit that after stubborn fighting the British have established themselves in Poziers.

## Minnesota Infantry Ill Ptomaine Poison All out of Danger

(By United Press)

Mercedes, Texas, July 26.—All members of the Third Minnesota Infantry confined in the field hospital as a result of ptomaine poisoning, are reported today by Major C. E. Prudden, chief regimental surgeon, as improved in condition and believed to be out of danger. Tainted tomatoes and flies was the cause.

## Status of Guard on the Border

(By United Press)

Washington, July 26.—President Wilson, in a letter to Mrs. Henry Smith, of Winamac, Ind., who protested against the hardships her son, a militiaman on the border, endured, replied that the service of the national guard was a matter of necessity to protect the country and it was not merely for the purposes of drill.

## Fail to Comply With Regulations

(By United Press)

St. Paul, July 26.—Assistant Forester Tierney reports that big lumber companies of Koochiching county have failed to comply with the brush disposal regulations. The state is investigating the rumors that the forest fires were caused by the lumber companies who want to get state timber cheap.

## More Orientals Fighting for the Allies

The latest contingent of orientals to arrive in France to fight for the allies are natives of Anam. Some thousands of them have been landed in France and are now on the western front.

## Governor to Call Special Session During September

(By United Press)

St. Paul, July 26.—Gov. Burnquist is home today from Fairmont where he spent ten days. He said he was contemplating calling a special session of the legislature probably in September to consider means of getting the votes of the guardsmen on the border, also to pay their families. He may advocate to follow the same procedure as during the Civil war when the soldiers' votes were collected by a commission and sent back to their home towns. The governor declined to comment on the rumor, but it appears to be fairly well substantiated.

## McClure Ordered out of England

(By United Press)

London, July 26.—The British authorities today informed Ambassador Page that S. S. McClure, the noted American publisher, must sail from England on Saturday, the deportation order being issued because of what the British termed his activities while in Germany. McClure arrived in London yesterday on the Philadelphia and was permitted to land and then became ill. Today Ambassador Page told Mr. McClure that he must sail on the Philadelphia on Saturday on the return trip. On the same boat will probably be Mrs. Thomas Kelley, Joseph Smith and three Irish Americans who were refused admittance because they were there for Irish relief work.

Washington, July 26.—The United States will ask England on what grounds they refused to admit the Kelleys.

## Federal Road Aid Minnesota Announced

(By United Press)

Washington, July 26.—The apportionment of \$5,000,000 good roads funds available between now and July 30, 1917, gives Minnesota \$142,294 for federal aid to roads. Based on the area Texas gets the largest amount of any state.

## Numerical Titles Not to be Changed

(By United Press)

St. Paul, July 26.—Despite the protests by the civil war veterans the numerical titles of the Minnesota National Guard regiments will not be changed. War veterans claim to be entitled to first, second, third, etc., because they fought in the civil war. Adj. Gen. Wood informed the governor's secretary that the names of the militia cannot be changed. Gen. Wood was notified today of the mustering in of Col. Raeche, as Brigadier General of Minnesota National Guards at Llano Grande, Texas, and also the following changes in the Third Infantry there: Major H. V. Eva to be a colonel succeeding Raeche, Major A. F. Pratt to be Lieutenant colonel and Capt. C. C. Weaver to be a major.

## New Epidemic of Malady Noted

(By United Press)

St. Paul, July 26.—A new epidemic of infantile paralysis has appeared in Stearns county, with 12 positive cases, three suspects and three dead.

## Man with Past will go Back

(By United Press)

Columbus, N. M., July 26.—Guy Hartmann, whose bravery as Gen. Pershing's scout won official commendation, admits he is the man long sought in the great revenue frauds committed at Fort Smith, Ark. Hartmann says he is ready to go back.

## British Black List Explanation

(By United Press)

Washington, July 26.—The British embassy has officially announced that an explanation of the British black list will be made the United States in a few days.

## May Cast Vote at the Border

(By United Press)

Washington, July 26.—The senate has created means by which the militiamen may cast their votes in the border camps, indicating it is expected to keep them there until September.

## Inheritance Taxes

(By United Press)

St. Paul, July 26.—Inheritance taxes collected in Minnesota during the year ending July 31 approximate \$700,000.

## UNDER PENALTY OF \$100 FINE

Performers Must Stand While Rendering "Star Spangled Banner."  
Baltimore, July 26.—Policemen are distributing copies of a municipal ordinance providing that "musicians, performers or other persons shall stand while playing, singing or rendering the 'Star Spangled Banner.'"  
Any person violating the provisions of the ordinance shall be guilty of a misdemeanor and on conviction shall be fined not more than \$100.

## BRITISH SHIPS FIGHT GERMAN DESTROYERS

London, July 25.—Six German destroyers, attempting either a raid or a reconnaissance on the British coast, were put to flight by a British sea force in a running fight off Showen bank.

The German ships were repeatedly hit.

One British vessel was struck once, but the total British casualties were two wounded. The German destroyers succeeded in reaching a base on the Belgian coast.

The North Hinder lightship is off the Belgian coast, between Ostend and the mouth of the Scheldt river. Showen bank is in the same neighborhood. The German vessels presumably came from Zeebrugge, where there is a German destroyer base.

## SENATE YIELDS TO PRESIDENT

Democrats Agree to Pass Child  
Labor Measure.

## SOME OPPOSITION DEVELOPS

Bill Will Displace Shipping Measure  
on Calendar and Will Come Up  
After Action on Army and District  
of Columbia Supply Measures.

Washington, July 26.—Yielding to an urgent request from President Wilson, Democrats of the senate, in caucus, determined to pass the child labor bill at this session of congress.

The decision was reached after a long debate, during which several Southern senators, whose opposition forced the measure out of the imperative legislative program drawn up several days ago, vigorously objected to its reinstatement.

The final determination to include it was reached without a record vote. It will displace the shipping bill on the senate calendar, coming up as soon as the army and District of Columbia appropriations have been passed. The shipping measure will follow it in order and the revenue bill will come next.

Majority Leader Kern outlined to the caucus the president's earnest request for a vote on the child labor bill before adjournment and read a flood of telegrams from influential citizens throughout the country, urging its passage.

Southern senators replied, insisting that the caucus should stand on its former decision postponing consideration of the measure until December.

### Southern Senators Protest.

They made an appeal to the caucus for a declaration of principles that the child labor bill should be taken out of politics and revealed the fact that negotiations had been made with some of the Republican senators after the recent Democratic caucus with a view to reaching an agreement for taking up the bill next session as a strictly nonpartisan measure.

These plans, it was asserted in the caucus, were progressing favorably until President Wilson went to the Capitol a week ago and made known to administration leaders his emphatic desire for immediate action on child labor legislation.

Republican senators, who had agreed to let the bill go over, then notified the Democrats, it was said, that they could not participate in any agreement for delay.

One Southern senator told his colleagues in the caucus that federal child labor legislation was inevitable, that no vote of theirs could stop it eventually and that the party should take advantage of its possible political effect rather than to counsel delay and then be forced to vote on the issues by Republican senators who already had given notice of intention to demand a vote at once.

## GIVES PROPERTY AWAY TO PREVENT QUARREL.

St. Louis, July 26.—Mrs. Hannah Duryee, a widow, eighty years old, has deeded to St. Louis university a downtown tract of real estate in St. Louis valued at \$50,000 to \$70,000, and said that she intended giving away all her estate before her death to prevent her heirs from quarreling over it. Mrs. Duryee lives in two rooms of a five-room house on the remaining five acres of her country estate. The other three rooms are rented.

## ACCIDENT DUE TO RUNAWAY

Eight Members of Montana Press Association Injured.

Livingston, Mont., July 26.—Eight members of the Montana State Press association are in the hospital at Fort Yellowstone, Yellowstone National Park, as the result of a runaway of a four-horse coach.

J. F. Hamilton of the American Printing company, Miles City, Mont., and receiver of the United States land office there, is in a critical condition, with a broken leg, dislocated shoulder and scalp wounds. His wife's left leg is broken.

The injured are Arthur Lirah and George Brown of the Genesee County, George A. Disc of the Red Lodge, Picket, Mrs. O. Ditch, C. S. Nelson of the Plentywood Herald; Mrs. Nelson, Mrs. James Ramsey, Miles City, and Dr. J. Thompson.

The horses were frightened by an automobile and a fall over a high cliff was barely averted.

Mr. and Mrs. William Garvey, of 615 South Sixth street, are the parents of a 12 pound baby boy who arrived Tuesday mornink. This is the second boy in the family.  
John Sivertson, traveling man, said his mosquito hound which received so much publicity as being an exterminator of mosquitoes, has turned out to be a plain chicken dog and has made away with several hens and roosters at John's country estate.

**RESCUERS FEAR NEW EXPLOSION**  
Search for Bodies in Tunnel Is Abandoned.  
**GAS WILL BE PUMPED OUT**  
Twenty-two Lives Lost in Disaster at Cleveland—City, County State and Federal Officials Will Conduct Inquiry as to the Cause.  
Cleveland, July 26.—Federal officials investigating the water works tunnel disaster, which cost twenty-two lives, ordered all attempts to reach the bodies of twelve men imprisoned in the tunnel abandoned for the present. This action was taken because tests of the gas in the tunnel through which the rescuers had to pass showed that it is highly explosive and the officials feared a second explosion. An attempt will be made to pump out the gas so that the work of recovering the bodies may progress.  
Four investigations, city, county, state and federal, will be started to determine the cause of the gas explosion near the five-mile crib end of the tunnel which entombed the twelve men and released the gas which overcame the two rescue parties. The lack of safety devices, such as gas helmets and pulmotors, at the crib and shore ends of the 16,000 foot tunnel, also will be investigated.  
A third rescue party equipped with the safety devices entered the tunnel and recovered the rescuers, ten of whom were dead. Gustav C. Van Duzen, superintendent of construction, was among the rescuers who were revived.  
According to the federal investigators the electric wiring in the tunnel was faulty.

**CUTS CROSS ON HIS CHEST**

Dr. A. W. Waite Uses Glass in Prison Cell.  
Sing Sing Prison, N. Y., July 26.—Dr. Arthur Warren Waite, awaiting electrocution here for the murder of his father-in-law, John E. Peck of Grand Rapids, Mich., was found in his cell in the "death house" bleeding from a wound in his chest made in the shape of a cross. The prisoner had cut himself with a piece of broken glass.

How Waite obtained possession of the glass could not be explained. It is presumed that when he was taken out for exercise in the courtyard he picked it up when the vigilance of his guard was relaxed and concealed it until he returned to his cell.  
The prison authorities believe if he had intended to kill himself he would have inflicted the wound elsewhere than on his chest. The injury is not serious.

**HOUSE PASSES NOYES BILL**

Measure Making Minnesota Town Entry Port Goes Through.  
Washington, July 26.—The house passed Senator Nelson's bill to make Noyes, Minn., a port of entry and delivery for immediate transportation without appraisement of dutiable merchandise. The measure already has passed the senate. It is recommended by the treasury department and probably will be signed by the president.

**Her Left Side Hurt**

Mrs. Laura Beall, Plattsburg, Miss. writes: "Last April I got in bad health; my left side hurt all the time. I had symptoms of Bright's disease. I took Foley Kidney Pills and feel all right now." They quickly relieve backache, rheumatism, aches and pains. Bladder troubles, too, are corrected by this remedy. H. P. Dunn, druggist.—Advt. mwf

**RESCUERS FEAR NEW EXPLOSION**

Search for Bodies in Tunnel Is Abandoned.

**GAS WILL BE PUMPED OUT**

Twenty-two Lives Lost in Disaster at Cleveland—City, County State and Federal Officials Will Conduct Inquiry as to the Cause.

Cleveland, July 26.—Federal officials investigating the water works tunnel disaster, which cost twenty-two lives, ordered all attempts to reach the bodies of twelve men imprisoned in the tunnel abandoned for the present.

This action was taken because tests of the gas in the tunnel through which the rescuers had to pass showed that it is highly explosive and the officials feared a second explosion. An attempt will be made to pump out the gas so that the work of recovering the bodies may progress.

Four investigations, city, county, state and federal, will be started to determine the cause of the gas explosion near the five-mile crib end of the tunnel which entombed the twelve men and released the gas which overcame the two rescue parties. The lack of safety devices, such as gas helmets and pulmotors, at the crib and shore ends of the 16,000 foot tunnel, also will be investigated.

A third rescue party equipped with the safety devices entered the tunnel and recovered the rescuers, ten of whom were dead. Gustav C. Van Duzen, superintendent of construction, was among the rescuers who were revived.

According to the federal investigators the electric wiring in the tunnel was faulty.

**CUTS CROSS ON HIS CHEST**

Dr. A. W. Waite Uses Glass in Prison Cell.

Sing Sing Prison, N. Y., July 26.—Dr. Arthur Warren Waite, awaiting electrocution here for the murder of his father-in-law, John E. Peck of Grand Rapids, Mich., was found in his cell in the "death house" bleeding from a wound in his chest made in the shape of a cross. The prisoner had cut himself with a piece of broken glass.

How Waite obtained possession of the glass could not be explained. It is presumed that when he was taken out for exercise in the courtyard he picked it up when the vigilance of his guard was relaxed and concealed it until he returned to his cell.

The prison authorities believe if he had intended to kill himself he would have inflicted the wound elsewhere than on his chest. The injury is not serious.

**HOUSE PASSES NOYES BILL**

Measure Making Minnesota Town Entry Port Goes Through.

Washington, July 26.—The house passed Senator Nelson's bill to make Noyes, Minn., a port of entry and delivery for immediate transportation without appraisal of dutiable merchandise. The measure already has passed the senate. It is recommended by the treasury department and probably will be signed by the president.

## CROW WING COUNTY AT THE STATE FAIR

An Exhibit to be Made this Year that Will Outdistance the Efforts of Former Years

### WANT EXTRA FINE SPECIMENS

Exhibit in Charge of Iyer Benson, Prof. Pflughoft and County Agent Colquhoun

Crow Wing county, through the Agricultural committee of the Chamber of Commerce, will again be placed in the limelight at the Minnesota State Fair this year with an exhibit that will be even better than that arranged for last year. The exhibit will be in charge of Iyer Benson with Professor H. A. Pflughoft and E. A. Colquhoun, county agricultural agent assisting.

Arrangements were made with F. A. Logan, superintendent of the agricultural building at the State Fair to again occupy a booth located in the same part of the building as in past years, but owing to an entrance being cut through the booth leading into the State School exhibit annex, both No. 42 will be occupied instead of booth No. 41. New decorations will be used throughout while the same shelving and plan of decorations will be followed so as to make it convenient for the exhibit to be placed after being shipped by special car from Brainerd.

Twenty-five hundred booklets entitled "Opportunities offered by Crow Wing County" will be distributed from the booth and those in attendance will be equipped with data so as to explain any section of the county enquiry may be made about.

The specimens gathered will be assembled in a vacant store building in the Gardner block where ample room has been provided to arrange the exhibit prior to shipment. Anyone who may have extra fine specimens of garden vegetables, grains or grasses are requested to call at the office of County Agent E. A. Colquhoun in the new city hall.

### BRAINERD'S ODDEST STORIES TODAY

C. M. Casey, who did publicity work for the C. A. Wortham shows returned this afternoon to Des Moines, Iowa. "Back in two years," said Mr. Casey. He writes good copy and his powers of description and expression are well developed.

Rain does not stop the activities of the carnival. The attractions did more business Tuesday night than on Monday night.

P. H. Larkin was the referee in the athletic show wrestling match Monday night. Larkin says it's the greatest match he ever refereed.

### ATTENTION WOODMEN

You are all earnestly requested to attend the next lodge meeting, Friday, July 28th, as business of importance is to be attended to, also some new members are to be adopted.

4513 Committee.

## NO CHANGE IN TRAIN TIME

Independent Aitkin Age Has a Pipe Dream, Causes Inconvenience to Many Travelers

### MIXED TRAIN TIME UNCHANGED

Leaves Brainerd in the Morning as Usual at 6:30 O'clock and Not at 9 O'clock

The Northern Pacific mixed train has NOT changed its schedule and leaves Brainerd in the morning at 6:30 o'clock as usual and NOT at 9 o'clock.

Agent G. W. Mosler, of Brainerd, said he had received no notification of a change in time of the mixed train and wonders where Aitkins paper got the news.

Here is the offending paragraph that caused trouble all along the line:

### N. P. Mixed Train Changes Schedule

Ed. J. Quinn, conductor on the mixed train on the N. P., running between Brainerd and Aitkin, informs the Independent Age for the benefit of passengers that the schedule has been changed and that the train now leaves Brainerd at 9 o'clock a. m. instead of 6:30 as formerly, going to Ironton and thence to Aitkin, arriving at the latter town about 3 p. m. On the return trip the train will leave Aitkin at 4 o'clock p. m., arriving in Brainerd about 7 p. m.

The new schedule went into effect last Tuesday and will continue until further notice.

Doubt is also expressed that Conductor Quinn made any such statement and the whole is certainly a sad mistake on the part of the "Independent Age" so far as the Brainerd end of the line is concerned.

Sheriff Claus A. Theorin and Judge W. A. Fleming and some witnesses in a case followed the 9 o'clock schedule this morning and were informed the mixed train had pulled out at 6:30 o'clock.

### CAUGHT BIG BASS

Mike O'Halloran Sprains Ankle Landing One at Cullen Lake Park

Michael O'Halloran and Timothy Brady, of Minneapolis, returned from a glad fishing trip at Cullen Lake Park near Nisswa where they were guests of Mr. and Mrs. James M. Quinn. Mr. Quinn showed them conclusively the best fishing grounds in the country and O'Halloran landed a black bass which weighed 96 ounces. The fish twisted about and thrashed around in the lake and he sprained his ankle getting his catch ashore.

### His Backache Gone

Just how dangerous a backache, sore muscles, aching joints or rheumatic pains may be is sometimes realized only when life insurance is refused on account of kidney trouble. Joseph G. Wolf of Green Bay, Wis., writes: "Foley Kidney Pills relieved me of severe backache that had bothered me for several months." Take Foley Kidney Pills for weak lame back and weary sleepless nights. H. P. Dunn, druggist. mwf

## SCHOOL IS NOW FLOURISHING

S. P. Randall, of the Brainerd Business College, Says Many Pupils to Start in September

### CAPABLE GRADUATES PLACED

Each Student Gets Individual Attention at the School, Many Study in Evening Classes

The Brainerd Business College is in flourishing shape. S. P. Randall of the college, states that he has quite a number of students signed to commence work at the school in September, and feels confident that the enrollment will be more than doubled this fall. Those now in attendance are making rapid strides and if they keep up the pace they are now going, will be capable of holding a good position in any line of business within the next two months.

It is not necessary for the students to remain in school until they graduate. In fact the majority accept a position after attending a few months and then continue their studies at the school in the evenings until they receive their diploma.

About a month ago the college was opened. It has proven a success. Individual instruction is given the pupils and progress of the most substantial kind is made.

The United States civil service examination for stenographers and typewriters will be held at the Brainerd Business College on August 9. This examination is both for men and women. It will cost you nothing for the examination. The salary is from \$840 to \$1200 per year. It makes no difference what system of shorthand you write.

The government is short of stenographers and typewriters and anyone passing the examination is practically assured a position. Full information can be received at the business college in the Iron Exchange building or at the postoffice.

Miss Mary E. Thayer, a prominent school teacher, has entered the business college for a combined course.

### FAIR MERMAID

Brainerd Girl, Miss Eleanor Anderson, Achieves Aquatic Feat

Miss Eleanor Anderson, pretty 16 year old daughter of J. P. Anderson, superintendent of the Northern Pacific railway shops, is the champion swimmer at Merrifield. Accompanied by boats which kept tab of the start and finish, she swam a mile and a half down the lake and back again.

### Gave the Baby Rest

Children just cannot keep covered at night and that is one way they take cold. Foley's Honey and Tar is a reliable family cough medicine that contains no opiates or harmful ingredients. Mrs. Wm. Leonard, Pottsville, Pa., writes: "My baby had a very bad cough. The first dose gave her relief. H. P. Dunn, druggist. mwf

### Suffrage in Bolivia.

Only citizens who are able to read and write have the privilege of voting in Bolivia.

## CANNON BALL JACKSON PITCHES

The Colored Giants will play Brainerd here on July 30. Their pitcher is "Cannon Ball" Jackson.

Old "Cannon Ball" refused big pay from the Allies to fight in the trenches and hurl grenades at the Germans. He has a smoke ball that fairly eats up the atmosphere and baffles every hitter and color alone is all that kept him from being a king pin in the big show.

Brainerd is bracing up and expects to put on a good game.

### WATER AND LIGHT BOARD

Will Co-operate with the City Council in Dealing with Problem for New Store House

All members of the water and light board were present at the Tuesday evening meeting. Electrical workers had a conference relative to the wage schedule.

A committee from the city council, Aldermen Smith, Morrison and Koop, appeared and asked the co-operation of the board in erecting a new store house. The old hose house has been condemned and is about to be removed. On motion of Commissioners Donovan and Weldemann, Commissioner Rowley was appointed to work with the committee in looking up a new site.

The State Board of Health had been asked for information regarding the location of wells for a water supply and whether mining operations may interfere with the supply. A communication was received in reply which, however, gave out little in answer to the question. A. M. Harris asked for the return of the centrifugal pumps used at Spring Bay.

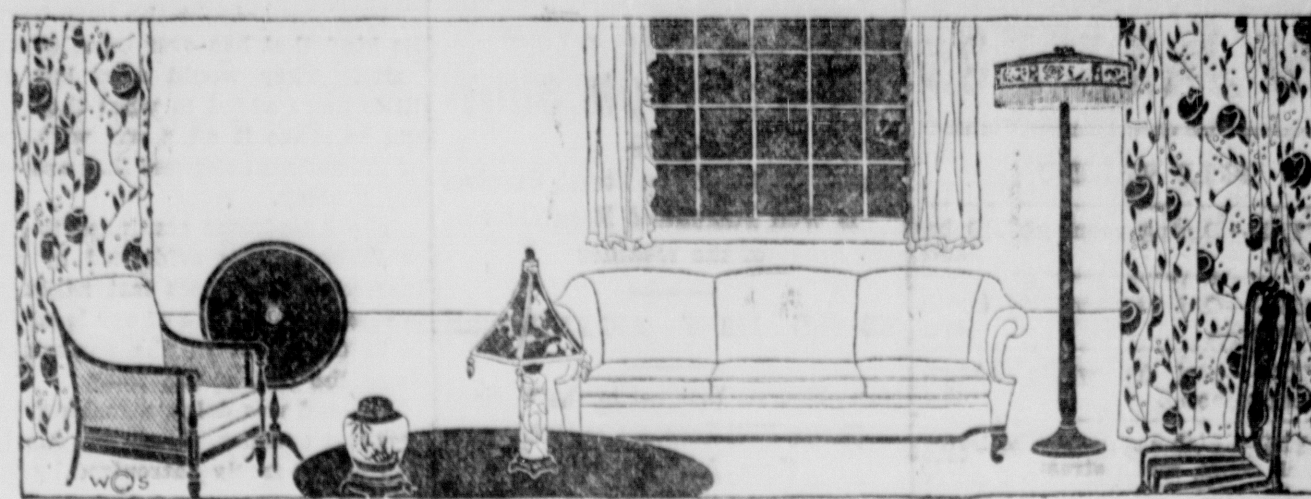

The board fixed a selling price of 55c on 75 watt type "C" lamps. Regular routine bills were allowed. The payroll was allowed subject to the confirmation of the board at the next meeting.

### CARNIVAL COMMENTS

Rain did not deter the enthusiasm of the carnival visitors.

"I like that show called 'Milady's Man'", said one girl, relating her experiences to another. What she meant was "Milady's Fan," one of the finest exhibitions on the grounds.

"The Panama Canal" is one of the most attractive exhibits at the carnival. It was built by Captain C. Ladare, who is known as the greatest builder of mechanical devices of educational value in the country. The exhibit demonstrates the working of the canal, showing a fleet of ships making the voyage from the Atlantic to the Pacific coast, every object of interest being demonstrated and nothing omitted. The canal is of peculiar interest regarding the discussion over the slides which temporarily blocked its path. A commission of eminent engineers and scientists studied the canal and topography, seeking a remedy for the slides. Captain Ladare was a member of the engineering corps of the government eight years, four years being spent at Panama. He is a man of educational attainments, having studied engineering at Heidelberg university, in Europe. He lectures

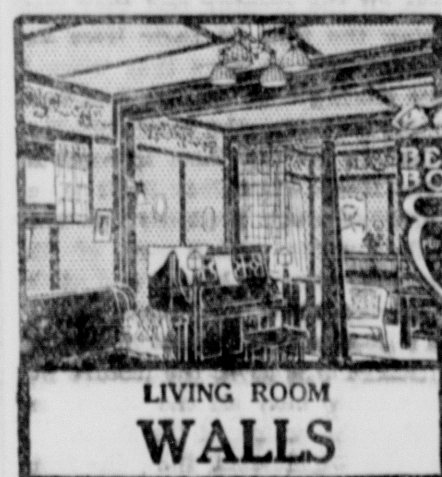

## Cretones, Chinetz, Tapestry, Etc,

It is but a short time until women will be planning the home decorations for the winter and it is then that our splendid showing of drapery goods will be appreciated. Keep them in mind—you'll appreciate our splendid selection.

CLUB MAKE THE

OFFICE ROOM

## BEAVER BOARD

"How simple," you'll say when you have tried BEAVER BOARD for the first time, whether in a brand new house or an attic bedroom. It is simple because it gives you just what you want in a wall or ceiling, and it's so easy to apply. Beaver Board takes the place of lath, plaster and wallpaper. It makes a handsome, durable, sanitary wall which never chips or falls.

But there is a lot of difference between Beaver Board, the original, and the many so-called wallboards. So it will pay you to get the kind with the Beaver Board trade-mark on the back of every panel. That's the kind we sell.

Ask us about the Beaver Board Companies' Free Design and Decoration service. They will gladly help you plan your walls and ceilings.

Lakeside Lumber Co.  
Brainerd, Minn.

All you need, to apply Beaver Board, is a hammer, saw and nails. Instructions on back of every panel.

on the canal and is assisted by Geo. W. Parsons, who was quartermaster in the navigation department of the government.

Capt. Ladare is an Elk, a member of San Antonio, Texas lodge, No. 216 which, by the way, has a membership of over 8,000 and much territory to draw on. His Elk's pin is encrusted with diamonds. In case of war, the Panama canal becomes of the utmost strategic importance. Recent negotiations of the government for the purchase of the Danish West Indies to protect the canal from the Atlantic side, show the interest taken in the great waterway. No school

### WHICH SIDE OF THE SCREEN

Does your coal come from. Our coal is all carefully inspected before we accept it—is yours? Our coal has no slag or dirt, or in fact any foreign material to add to the weight or detract from the heating quality. We take good care of our trade at all times.

JOHN LARSON

child, no adult, should miss seeing the Panama Canal exhibit. They should hear the lecture and see the demonstration given on how the locks operate.

The "Submarine" exhibit is of peculiar interest at present when all the world is "het up" over the arrival of the German submarine freighter, "The Deutschland." Its departure from Baltimore harbor through Chesapeake bay will be attended with difficulties. Captain Ladare shows a fight between submarine and battleships. The captain is a very pleasant man to talk to, having had the advantages of travel and education.

Captain Ladare has a real working model of a modern submarine, built to scale and the minutest detail of its construction has not been overlooked. The battleship Texas is there, defending the commerce of the nation and the submarine demonstrates just how the sinking of the merchantmen is accomplished by torpedoing another vessel in the huge tank, every movement of each of the craft being shown, even to the evolutions of the men and guns on the various boats. It is a masterpiece of mechanical ingenuity.

### If You Want Quick Relief

Men and women who feel their health failing because of weak, overworked or disordered kidneys will be pleased to know that Foley Kidney Pills are prompt in action and give quick results in the relief of rheumatism, sore muscles, aching joints, backache, pains in side and sleep disturbing bladder trouble. H. P. Dunn druggist.—Advrt. mwf

## Pianos

A cheap piano at a long price is throwing money away.

This combination should make you consider the Maxwell—should mean that you will buy it if you really want value. Let us prove these statements.

## CROW WING COUNTY AT THE STATE FAIR

An Exhibit to be Made this Year that Will Outdistance the Efforts of Former Years

### WANT EXTRA FINE SPECIMENS

Exhibit in Charge of Iver Benson, Prof. Pflughoft and County Agent Colquhoun

Crow Wing county, through the Agricultural committee of the Chamber of Commerce, will again be placed in the limelight at the Minnesota State Fair this year with an exhibit that will be even better than that arranged for last year. The exhibit will be in charge of Iver Benson with Professor H. A. Pflughoft and E. A. Colquhoun, county agricultural agent assisting.

Arrangements were made with F. A. Logan, superintendent of the agricultural building at the State Fair to again occupy a booth located in the same part of the building as in past years, but owing to an entrance being cut through the booth leading into the State School exhibit annex, both No. 42 will be occupied instead of booth No. 41. New decorations will be used throughout while the same shelving and plan of decorations will be followed so as to make it convenient for the exhibit to be placed after being shipped by special car from Brainerd.

Twenty-five hundred booklets entitled "Opportunities offered by Crow Wing County" will be distributed from the booth and those in attendance will be equipped with data so as to explain any section of the county enquiry may be made about.

The specimens gathered will be assembled in a vacant store building in the Gardner block where ample room has been provided to arrange the exhibit prior to shipment. Anyone who may have extra fine specimens of garden vegetables, grains or grasses are requested to call at the office of County Agent E. A. Colquhoun in the new city hall.

### BRAINERD'S ODDEST STORIES TODAY

C. M. Casey, who did publicity work for the C. A. Wortham shows returned this afternoon to Des Moines, Iowa. "Back in two years," said Mr. Casey. He writes good copy and his powers of description and expression are well developed.

Rain does not stop the activities of the carnival. The attractions did more business Tuesday night than on Monday night.

P. H. Larkin was the referee in the athletic show wrestling match Monday night. Larkin says it's the greatest match he ever refereed.

### ATTENTION WOODMEN

You are all earnestly requested to attend the next lodge meeting, Friday, July 28th, as business of importance is to be attended to, also some new members are to be adopted.

4513 Committee.

## NO CHANGE IN TRAIN TIME

Independent Aitkin Age Has a Pipe Dream, Causes Inconvenience to Many Travelers

### MIXED TRAIN TIME UNCHANGED

Leaves Brainerd in the Morning as Usual at 6:30 O'clock and Not at 9 O'clock

The Northern Pacific mixed train has NOT changed its schedule and leaves Brainerd in the morning at 6:30 o'clock as usual and NOT at 9 o'clock.

Agent G. W. Mosier, of Brainerd, said he had received no notification of a change in time of the mixed train and wonders where Aitkins paper got the news.

Here is the offending paragraph that caused trouble all along the line:

### N. P. Mixed Train Changes Schedule

Ed. J. Quinn, conductor on the mixed train on the N. P., running between Brainerd and Aitkin, informs the Independent Age for the benefit of passengers that the schedule has been changed and that the train now leaves Brainerd at 9 o'clock a. m. instead of 6:30 as formerly, going to Ironton and thence to Aitkin, arriving at the latter town about 3 p. m. On the return trip the train will leave Aitkin at 4 o'clock p. m., arriving in Brainerd about 7 p. m.

The new schedule went into effect last Tuesday and will continue until further notice.

Doubt is also expressed that Conductor Quinn made any such statement and the whole is certainly a sad mistake on the part of the "Independent Age" so far as the Brainerd end of the line is concerned.

Sheriff Claus A. Theorin and Judge W. A. Fleming and some witnesses in a case followed the 9 o'clock schedule this morning and were informed the mixed train had pulled out at 6:30 o'clock.

### CAUGHT BIG BASS

Mike O'Halloran Sprains Ankle Landing One at Cullen Lake Park

Michael O'Halloran and Timothy Brady, of Minneapolis, returned from a glad fishing trip at Cullen Lake Park near Nisswa where they were guests of Mr. and Mrs. James M. Quinn. Mr. Quinn showed them conclusively the best fishing grounds in the country and O'Halloran landed a black bass which weighed 26 ounces. The fish twisted about and thrashed around in the lake and he sprained his ankle getting his catch ashore.

### His Backache Gone

Just how dangerous a backache, sore muscles, aching joints or rheumatic pains may be is sometimes realized only when life insurance is refused on account of kidney trouble. Joseph G. Wolf of Green Bay, Wis., writes: "Foley Kidney Pills relieved me of severe backache that had bothered me for several months." Take Foley Kidney Pills for weak lame back and weary sleepless nights. H. P. Dunn, druggist. mwf

## SCHOOL IS NOW FLOURISHING

Only citizens who are able to read and write have the privilege of voting in Bolivia.

## CANNON BALL JACKSON PITCHES

The Colored Giants will play Brainerd here on July 30. Their pitcher is "Cannon Ball" Jackson.

Old "Cannon Ball" refused big pay from the Allies to fight in the trenches and hurl grenades at the Germans. He has a smoke ball that fairly eats up the atmosphere and baffles every hitter and color alone is all that kept him from being a king pin in the big show.

Brainerd is bracing up and expects to put on a good game.

### WATER AND LIGHT BOARD

Will Co-operate with the City Council in Dealing with Problem for New Store House

All members of the water and light board were present at the Tuesday evening meeting. Electrical workers had a conference relative to the wage schedule.

A committee from the city council, Aldermen Smith, Morrison and Koop, appeared and asked the co-operation of the board in erecting a new store house. The old house has been condemned and is about to be removed. On motion of Commissioners Donovan and Weldemann, Commissioner Rowley was appointed to work with the committee in looking up a new site.

The State Board of Health had been asked for information regarding the location of wells for a water supply and whether mining operations may interfere with the supply. A communication was received in reply which, however, gave out little in answer to the question. A. M. Harris asked for the return of the centrifugal pumps used at Spring Bay.

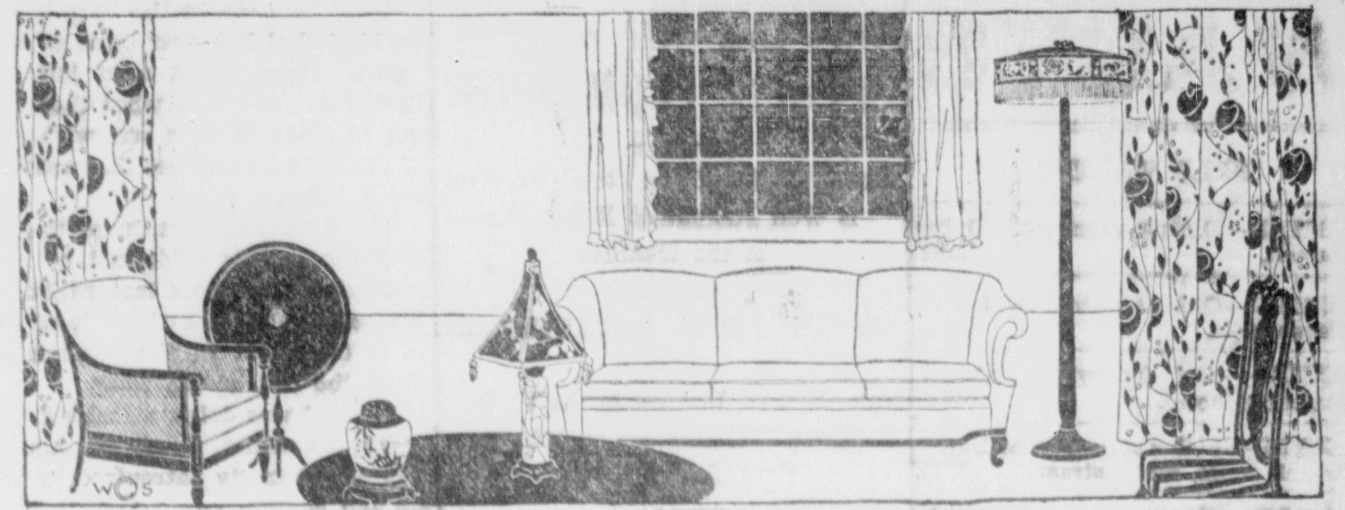

The board fixed a selling price of \$50 on 75 watt type "C" lamps. Regular routine bills were allowed. The payroll was allowed subject to the confirmation of the board at the next meeting.

### CARNIVAL COMMENTS

Rain did not deter the enthusiasm of the carnival visitors.

"I like that show called 'Milady's Man'", said one girl, relating her experiences to another. What she meant was "Milady's Fan," one of the finest exhibitions on the grounds.

"The Panama Canal" is one of the most attractive exhibits at the carnival. It was built by Captain C. Ladare, who is known as the greatest builder of mechanical devices of educational value in the country. The exhibit demonstrates the working of the canal, showing a fleet of ships making the voyage from the Atlantic to the Pacific coast, every object of interest being demonstrated and nothing omitted. The canal is of peculiar interest regarding the discussion over the slides which temporarily blocked its path. A consultation of eminent engineers and scientists studied the canal and topography, seeking a remedy for the slides. Captain Ladare was a member of the engineering corps of the government eight years, four years being spent at Panama. He is a man of educational attainments, having studied engineering at Heidelberg university, in Europe. He lectures

## Cretannes, Chinetz, Tapestry, Etc,

It is but a short time until women will be planning the home decorations for the winter and it is then that our splendid showing of drapery goods will be appreciated. Keep them in mind—you'll appreciate our splendid selection.

Also Victrolas and Victor Records

H. F. MICHAEL CO.

## BEAVER BOARD

"How simple," you'll say when you have tried BEAVER BOARD for the first time, whether in a brand new house or an attic bedroom. It is simple because it gives you just what you want in a wall or ceiling, and it's so easy to apply. Beaver Board takes the place of lath, plaster and wallpaper. It makes a handsome, durable, sanitary wall which never chips or falls.

But there is a lot of difference between Beaver Board, the original, and the many so-called wallboards. So it will pay you to get the kind with the Beaver Board trade-mark on the back of every panel. That's the kind we sell.

Ask us about the Beaver Board Companies' Free Design and Decoration service. They will gladly help you plan your walls and ceilings.

Lakeside Lumber Co.  
Brainerd, Minn.

on the canal and is assisted by Geo. W. Parsons, who was quartermaster in the navigation department of the government.

Capt. Ladare is an Elk, a member of San Antonio, Texas lodge, No. 216 which, by the way, has a membership of over 8,000 and much territory to draw on. His Elk's pin is encrusted with diamonds. In case of war, the Panama canal becomes of the utmost strategic importance. Recent negotiations of the government for the purchase of the Danish West Indies to protect the canal from the Atlantic side, show the interest taken in the great waterway. No school

### WHICH SIDE OF THE SCREEN

Does your coal come from. Our coal is all carefully inspected before we accept it—is yours? Our coal has no slag or dirt, or in fact any foreign material to add to the weight or detract from the heating quality. We take good care of our trade at all times.

JOHN LARSON

child, no adult, should miss seeing the Panama Canal exhibit. They should hear the lecture and see the demonstration given on how the locks operate.

The "Submarine" exhibit is of peculiar interest at present when all the world is "het up" over the arrival of the German submarine freighter, "The Deutschland." Its departure from Baltimore harbor through Chesapeake bay will be attended with difficulties. Captain Ladare shows a fight between submarine and battleships. The captain is a very pleasant man to talk to, having had the advantages of travel and education.

Captain Ladare has a real working model of a modern submarine, built to scale and the minutest detail of its construction has not been overlooked. The battleship Texas is there, defending the commerce of the nation and the submarine demonstrates just how the sinking of the merchantmen is accomplished by torpedoing another vessel in the huge tank, every movement of each of the craft being shown, even to the evolutions of the men and guns on the various boats. It is a masterpiece of mechanical ingenuity.

### If You Want Quick Relief

Men and women who feel their health failing because of weak, overworked or disordered kidneys will be pleased to know that Foley Kidney Pills are prompt in action and give quick results in the relief of rheumatism, sore muscles, aching joints, backache, pains in side and sleep disturbing bladder trouble. H. P. Dunn druggist.—Advt. mwf

# RAIN DID NOT KEEP PEOPLE FROM SHOW

Second Night of the Street Carnival is Well Patronized Regardless of the Weather

## PEOPLE SHOW APPRECIATION

From Now on Interest in the Various Shows Will Increase as Attractions Are All New

The second night of the C. A. Wortham engagement was any thing but encouraging at opening time but regardless of the inclement weather a good sized crowd came out and they came for the express purpose of seeing the shows. A fact that was soon evident for the shows one and all were doing a rushing business right from the start. The people of Brainerd are alive to the fact that at last a real carnival organization is in their midst and are showing their appreciation of this fact by going to the shows. Most of the attractions are new and are different from what we have had in the past. Mr. Wortham long ago realized the fact that the public must have something new and that the public would no longer stand for the old time obscene or indecent shows and it was with this thought in mind that he organized this show and it is to that very thing that he attributes the success of this show. Six years ago he started with two rented cars and at this time he is the sole owner of two shows of this character and seventy cars.

The Trained Wild Animal show as usual was the one to do the most business and this is as it should for this is the show upon which the most money has been spent to make it the biggest and the best of them all and is of course the feature attraction. It is deserving of the distinction for

## Fluffy Hair with JAP ROSE SOAP

Removes all excess hair oil, invigorates the scalp and leaves the hair clean, soft and pretty.

Delightfully perfumed with the fragrance of fresh roses. Unequaled for bath and general toilet use. Use but little—It's all lather.

For Free Sample Write James S. Kirk & Co., Dept. 354, Chicago, U. S. A.

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes many one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body. A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance, shortly.

It is without doubt the very best of its kind that has ever come to these parts. They would need but very little more added to what they have got to make it on a par with most of the railroad circuses that are traveling today.

The Autodrome continues to grow in favor as was evidenced by their increase in business last night. It is rumored that one of our local boys is to take part in the performance there the rest of the week.

Toyland was doing a rushing business last evening, this is the fun factory and is freely patronized by both old and young.

Even in the rain "My Lady's Fan" did twice the business that they did the night before and at the Model City the crowd was waiting for the show to open its doors. There was no shouting about the merits of the show they just marched right in and came out boasting.

Gully Gully Mike Zinnle says that he is well satisfied with the way the people receive his show. Brainerd people know a real show when they find it and they sure have found it in the Arabian Nights. They kept Mike stepping lively all the evening.

If you wanted to find the real crowd all you had to do was to go to the Pike's Peak show. They were there all the evening and they were having the time of their lives and Manager Waugh says that when it came closing time that he had more trouble in getting the people out than he had in getting them to come in.

The House That Jack Built which is another laugh producer was busy all the evening taking care of the folks that came their way and at the Submarine show you could always find a good part of the crowd and the gentleman who gives the lecture was kept mighty busy all the time explaining the action of the show.

At the Wonderland show the front is wide open and you could see for yourself that they were getting their share of the business. Here you find 10 shows all combined together as one big show all for one price of admission. First you see Rubberoid the elastic skinned boy then you pass on to Alburto the fire king, who is known as the devil's brother. Now you are entertained by Sugar Baby who is billed as the 675 pound suffragette and my my but she is fat. The Hindoo magician is next to entertain and this is followed by the Pigny Savages, those funny little monkey men from Africa. Captain Ray the human art gallery comes next, then the monkey circus. It is great, go see it.

Don't miss seeing Lady May and her family of thirty-six and the smallest cow in the world.

The fun is only half over for you still have to pay a visit to the three rides. The Whip, the Carry Us All and the big twelve seat Ferris wheel. All shows open every afternoon and every evening. Band concerts on the streets twice daily.

## A FIVE YEARS' RECORD

A Test That Must Impress Dispatch Readers

Five years is a long time. A rigid test of merit. Mrs. Hall testified five years ago. She now says the results were permanent.

Can Brainerd ask for better evidence? Mrs. G. W. Hall, 613 Third Ave., Brainerd, says: "I had frequent attacks of backache with dizziness. I felt languid mornings and was caused inconvenience by the kidney secretions. Doan's Kidney Pills removed all these troubles." (Statement given October 13th, 1910.)

## GONE FOR GOOD

OVER THREE YEARS LATER. Mrs. Hall said: "I can't say too much in praise of Doan's Kidney Pills. The benefit they brought has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hall has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

## For Summer Troubles

Hay fever afflicts thousands and asthma sufferers endure torture. Foley's Honey and Tar gives relief. It allays inflammation, clears air passages, eases rasping cough, soothes and heals. This wholesome family remedy contains no opiates—a bottle lasts a long time. H. P. Dunn, druggist.—Advt. mwf

## A Castle In the Air.

A structure which usually consoles the architect for a hovel on earth.—Lippincott's.

## Says They are Wonderful

Hot weather is doubly dangerous when digestion is bad. Constipation, sick headache, biliousness, or other conditions caused by clogged bowels yield quickly to Foley Cathartic Tablets. Mrs. Elizabeth Stauson, S. Norwalk, Conn., writes: "I can honestly say they are wonderful." H. P. Dunn, druggist.—Advt. mwf

# The use of Lime Stopped in Camps

By WILLIAM G. SHEPHERD, United Press Staff Correspondent

Brownsville, Tex., July 26—Good bye to the good old style of lime whitened army camps.

The use of lime was stopped in all camps this morning by orders which Major Bisham, sanitary inspector for the army of the lower Rio Grande, issued Monday night.

"We've discovered that flies like white colors," said the major. "What we are looking for is something black in the way of a disinfectant. The latest idea is a lamp black mixed with petroleum."

At the request of Major Bisham, I accompanied him on a trip of inspection, covering in part some ground gone over by General Bliss a week ago.

"I want Americans to know the exact health and sanitary conditions here," said Bisham. "Many wild stories are being sent out about illness among the men. All untrue."

"The sanitary department of the American army can promise the American public that there is no repetition of the horrors of 1899. We are ready for anything. Relatives of the soldiers back home may rest easy and not worry."

The correspondent saw many unscreened kitchens in the Virginia and Illinois regiments.

"We can't have screens until we get wooden kitchens," said Bisham.

"There is no lumber here but it is being rushed on cars attached to fast passenger trains."

"Look here," said Bisham, pointing to a ditch in the Virginia camp. "Doesn't that prove that lime is useless. Look at those flies feeding in the lime whitened ditch."

"Flies are the best sanitary inspectors in the world. They always find filth and they are proving to us now that lime doesn't disinfect."

"The idea of many of the guard are old fashioned in regard to sanitation." As proof of this, Bisham drove his automobile to a point where the First Iowa had just arrived. Thousands of huge youths were cutting down cactus and greasewood to the music of a giant chorus of Texas locusts driven from their homes by the falling trees.

"What are you doing there?" asked the major, of a giant sergeant who was superintending the digging of a hole near the camp kitchen.

"Digging a cess pool," replied the sergeant.

"Please discontinue that work and bring your commanding officer here," said Bisham.

Major W. S. Conklin of Des Moines appeared.

"No cess pools, please," directed Bisham. "Build incinerators and burn the refuse."

It developed later that many of the officers of the Iowa regiment had been in the Spanish-American war during which cess pools killed thousands.

"No reflection on the Iowans," said Bisham. "The militia are all alike. They don't know the latest developments in sanitation and we must keep constant vigil."

The health of the men is excellent.

## MAXWELL COMPANY GENEROUS

Pays its Men Who Fight in Mexico, Decision in Line with Policy to Aid Government

In accordance with a statement issued by Walter E. Flanders, president and general manager of the Maxwell Motor company, Inc., of Detroit, that institution has adopted a broad plan of action relative to the relief of the families of its employees who have or may enlist for military service in connection with the present dispute with Mexico.

Mr. Flanders' announcement is as follows: "The Maxwell Motor Company, Inc., will hold positions open for any of its employees who have been in its employ more than four months, who enlist or have enlisted for the Mexican trouble. While engaged in the Mexican trouble, the company will continue the pay of such employees who have others dependent upon them at the rate of one-half their present salaries, for one year from June 30, unless the government shall have made adequate provision sooner."

All during the border trouble Maxwell cars have rendered efficient service and because of its ability to take the rough roads in the southern country, it has been a favorite with the soldiers. Maxwell cars have penetrated far into the Mexican country and the famous non-stop car gave a good account of itself when it was commandeered by United States troops patrolling the Arizona border.

# RAIN DID NOT KEEP PEOPLE FROM SHOW

Second Night of the Street Carnival is Well Patronized Regardless of the Weather

## PEOPLE SHOW APPRECIATION

From Now on Interest in the Various Shows Will Increase as Attrac-tions Are All New

The second night of the C. A. Wortham engagement was any thing but encouraging at opening time but regardless of the inclement weather a good sized crowd came out and they came for the express purpose of see-ing the shows. A fact that was soon evident for the shows one and all were doing a rushing business right from the start. The people of Brainerd are alive to the fact that at last a real carnival organization is in their midst and are showing their appreciation of this fact by going to the shows. Most of the attractions are new and are different from what we have had in the past. Mr. Wortham long ago realized the fact that the public must have something new and that the public would no longer stand for the old time obscene or indecent shows and it was with this thought in mind that he organ-ized this show and it is to that very thing that he attributes the success of this show. Six years ago he started with two rented cars and at this time he is the sole owner of two shows of this character and seventy cars.

The Trained Wild Animal show as usual was the one to do the most business and this is as it should for this is the show upon which the most money has been spent to make it the biggest and the best of them all and is of course the feature attraction. It is deserving of the distinction for

**Fluffy Hair with JAP ROSE SOAP**

The wonderful "Sunday Morning Bath"

Removes all excess hair oil, invigorates the scalp and leaves the hair clean, soft and pretty.

Delightfully perfumed with the fragrance of fresh roses. Unequalled for bath and general toilet use.

**Use but little—It's all lather**

# WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes "any-one look and feel clean, sweet and refreshed."

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impuri-ties into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sus-tain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a tea-spoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phos-phate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasal breath, shallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pro-nounced improvement in both health and appearance, shortly.

it is without doubt the very best of its kind that has ever come to these parts. They would need but very little more added to what they have got to make it on a par with most of the railroad circuses that are trav-eling today.

The Autodrome continues to grow in favor as was evidenced by their increase in business last night. It is rumored that one of our local boys is to take part in the performance there the rest of the week.

Toyland was doing a rushing busi-ness last evening, this is the fun fac-tory and is freely patronized by both old and young.

Even in the rain "My Lady's Fan" did twice the business that they done the night before and at the Model City the crowd was waiting for the show to open its doors. There was no shouting about the merits of the show they just marched right in and came out boosting.

Gully Mike Zinnle says that he is well satisfied with the way the people receive his show. Brainerd people know a real show when they find it and they sure have found it in the Arabian Nights. They kept Mike stepping lively all the evening.

If you wanted to find the real crowd all you had to do was to go to the Pike's Peak show. They were there all the evening and they were having the time of their lives and Manager Waugh says that when it came closing time that he had more trouble in getting the people out than he had in getting them to come in.

The House That Jack Built which is another laugh producer was busy all the evening taking care of the folks that came their way and at the Submarine show you could always find a good part of the crowd and the gentleman who gives the lecture was kept mighty busy all the time ex-plaining the action of the show.

At the Wonderland show the front is wide open and you could see for yourself that they were getting their share of the business. Here you find 10 shows all combined together as one big show all for one price of ad-mission. First you see Rubberoid the elastic skinned boy then you pass on to Alburto the fire king, who is known as the devil's brother. Now you are entertained by Sugar Baby who is billed as the 675 pound suffra-gette and my my but she is fat. The Hindoo magician is next to entertain and this is followed by the Pimpy Savages, those funny little monkey men from Africa. Captain Ray the human art gallery comes next, then the monkey circus. It is great, go see it.

Don't miss seeing Lady May and her family of thirty-six and the smallest cow in the world.

The fun is only half over for you still have to pay a visit to the three rides. The Whip, the Carry Us All and the big twelve seat Ferris wheel. All shows open every afternoon and every evening. Band concerts on the streets twice daily.

**A FIVE YEARS' RECORD**

A Test That Must Impress Dispatch Readers

Five years is a long time. A rigid test of merit. Mrs. Hall testified five years ago. She now says the results were per-manent.

Can Brainerd ask for better evi-dence?

Mrs. G. W. Hall, 613 Third Ave., Brainerd, says: "I had frequent at-tacks of backache with dizziness. I felt languid mornings and was caused inconvenience by the kidney se-cretions. Doan's Kidney Pills re-moved all these troubles." (State-ment given October 13th, 1910.)

**GONE FOR GOOD**

OVER THREE YEARS LATER, Mrs. Hall said: "I can't say too much in praise of Doan's Kidney Pills. The benefit they brought has been permanent"

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hall has twice publicly recom-mended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

**For Summer Troubles**

Hay fever afflicts thousands and asthma sufferers endure torture. Fo-ley's Honey and Tar gives relief. It allays inflammation, clears air pas-sages, eases rasping cough, soothes and heals. This wholesome family remedy contains no opiates—a bottle lasts a long time. H. P. Dunn, drug-gist.—Adv't. mwf

**A Castle in the Air.**

A structure which usually consoles the architect for a hovel on earth.—Lippincott's.

**Says They are Wonderful**

Hot weather is doubly dangerous when digestion is bad. Constipation, sick headache, biliousness, or other conditions caused by clogged bowels yield quickly to Foley Cathartic Tab-lets. Mrs. Elizabeth Slauson, S. Nor-walk, Conn., writes: "I can honestly say they are wonderful." H. P. Dunn, druggist.—Adv't. mwf

# The use of Lime Stopped in Camps

By WILLIAM G. SHEPHERD, United Press Staff Correspondent

Brownsville, Tex., July 26—Good bye to the good old style of lime whitened army camps.

The use of lime was stopped in all camps this morning by orders which Major Bisham, sanitary inspector for the army of the lower Rio Grande, issued Monday night.

"We've discovered that flies like white colors," said the major. "What we are looking for is something black in the way of a disinfectant. The latest idea is a lamp black mixed with petroleum."

At the request of Major Bisham, I accompanied him on a trip of in-spection, covering in part some ground gone over by General Bliss a week ago.

"I want Americans to know the exact health and sanitary condi-tions here," said Bisham. "Many wild stories are being sent out about illness among the men. All untrue."

"The sanitary department of the American army can promise the American public that there is no rep-etition of the horrors of 1899. We are ready for anything. Relatives of the soldiers back home may rest easy and not worry."

The correspondent saw many un-screened kitchens in the Virginia and Illinois regiments.

"We can't have screens until we get wooden kitchens," said Bisham.

"There is no lumber here but it is being rushed on cars attached to fast passenger trains."

"Look here," said Bisham, point-ing to a ditch in the Virginia camp. "Doesn't that prove that lime is useless. Look at those flies feeding in the lime whitened ditch."

"Flies are the best sanitary in-spectors in the world. They always find filth and they are proving to us now that lime doesn't disinfect."

"The idea of many of the guard are old fashioned in regard to sani-tation." As proof of this, Bisham drove his automobile to a point where the First Iowa had just arrived. Thousands of huge youths were cut-ting down cactus and greasewood to the music of a giant chorus of Texas locusts driven from their homes by the falling trees.

"What are you doing there?" asked the major, of a giant sergeant who was superintending the digging of a hole near the camp kitchen.

"Digging a cess pool," replied the sergeant.

"Please discontinue that work and bring your commanding officer here," said Bisham.

Major W. S. Conklin of Des Moines appeared.

"No cess pools, please," directed Bisham. "Build incinerators and burn the refuse."

It developed later that many of the officers of the Iowa regiment had been in the Spanish-American war during which cess pools killed thou-sands.

"No reflection on the Iowans," said Bisham. "The militia are all alike. They don't know the latest developments in sanitation and we must keep constant vigil."

The health of the men is excellent.

# MAXWELL COMPANY GENEROUS Pays its Men Who Fight in Mexico, Decision in Line with Policy to Aid Government

In accordance with a statement issued by Walter E. Flanders, pres-ident and general manager of the Maxwell Motor company, Inc., of De-troit, that institution has adopted a broad plan of action relative to the relief of the families of its employes who have or may enlist for military service in connection with the present dispute with Mexico.

Mr. Flanders' announcement is as follows: "The Maxwell Motor Com-pany, Inc., will hold positions open for any of its employes who have been in its employ more than four months, who enlist or have enlisted for the Mexican trouble. While en-gaged in the Mexican trouble, the company will continue the pay of such employes who have others de-pendent upon them at the rate of one-half their present salaries, for one year from June 30, unless the government shall have made ade-quate provision sooner."

All during the border trouble Max-well cars have rendered efficient service and because of its ability to take the rough roads in the southern country, it has been a favorite with the soldiers. Maxwell cars have pen-
